MISSIONARY CRAFT SAFE IN HARBOR

(Continued from Page One.)

aboard the old missionary schooner, "Morning Star," a mandolin, a couple of Saratoga trunks, several large packages of Bibles and hymn-books and dictionaries, translated into Gilbertese by the late Rev. Dr. Hiram Bingham may be found in the cabin of the schooner. A gasoline engine is situated amidships, also a gasoline stove, a meat safe, and the general stores quarters. The dining room, chart room, lounging cabin and captain's quarters are all located in the main cabin forward where the captain and his daughter have their quarters. The mate, Will Walkup and the three sailors have their quarters aft.

From here the Hiram Bingham has a journey of 2,500 miles to the Gilbert Islands. The schooner is a treat to look at and tomorrow, it is probable there will be hundreds to take a look at her.

It should not be forgotten, before the schooner sails, that a phonograph would be a welcome addition to her cozy cabin.

MANILA, Nov. 26.—The hospital ship Relief, which sailed from Manila November 15 for Guam and was disabled in a typhoon and driven far out of her course, arrived here this (Thursday) morning. Her deck house was badly damaged, her engines disabled and the vessels otherwise showed the effects of the terrific seas which swept over her. All aboard are safe and no one was injured; but only the hard work of officers and crew saved the ship from foundering. The Relief will be taken to the navy yard at Cavite, where repairs, which will consume several days, will be made.

Spalding when its own leases expire in a few years.

The plan has been proposed that the Territory should give its backing to a scheme by which money may be raised to build a new mill, the land being leased in small parcels and the money to be paid back on a plan similar to that in use on the mainland in the national irrigation work. It is possible that some such scheme may be worked out and submitted to the Legislature at the coming session.

ASK CLEMENCY FOR A MURDERER

A petition addressed to Governor Freer and signed by three hundred and eighteen "subjects of the Emperor of Japan" was brought to the Executive Chamber this morning, asking for executive clemency and commutation of sentence for Morita Keizo, whose execution will take place during the month of January unless some such action is taken. No reason that such clemency should be exercised is offered and the facts of the case are not mentioned in the petition in any way.

HALEIWA ON SUNDAY.

Visitors to Honolulu should not overlook Haleiwa in arranging an itinerary for their stay in the islands. It is a beautiful spot and the ride over the Oahu Railway line is interesting. Nowhere in the country is there a railroad running so close to the shore that the sea spray moistens the cars. This is especially the case at this time when the wind is in a direction that makes an exceedingly high surf along the line. The Haleiwa limited, leaving on Sunday morning, makes the run in two hours.

IN MEMORIAM

Friends of Elks generally are invited to attend the observance of the Lodge of Sorrow, at the Honolulu Opera House at 3 o'clock tomorrow afternoon. Although special invitations were sent out, these were not expected to reach everybody, as the list was taken from the telephone directory, and were intended more as reminders than as invitations. Those who did not get these cards will be as cordially welcomed, and are urged to attend. This especially applies to ladies.

Elks' annual memorial services have come to be looked forward to with great expectation all over the United States. The program of Honolulu Lodge for tomorrow afternoon will be one of the best ever given in this city. Addresses by two eloquent speakers—an oration by Bro. E. A. Douthitt, and a eulogy by the Rev. Bro. Leopold Kroll—will be well worth hearing, while music both vocal and instrumental will be by some of the very best of local artists.

"HEADACHE, WEAKNESS, HEART TROUBLE"

"I Suffered With for Years—Pe-ru-na Cured Me Entirely."

Miss Albina Chauvin, No. 50 Rue Agnes, St. Henri, Montreal, Can., writes: "I consider Peruna better than any other remedy, as it cured me when nothing else could. I suffered for years and years with heart trouble, headache and weakness. I never expected to find anything to cure me. I saw one day, in 'La Presse,' that Peruna was excellent and I tried it. One bottle produced a change in me and if the price had been \$100 a bottle I would have paid it gladly. I have taken six bottles and am entirely cured. Please accept my thanks and best wishes for your Peruna."

"Please Accept My Thanks and Best Wishes For Your PE-RU-NA."

ALBINA CHAUVIN

Many cases of heart trouble are caused by reflex disturbances.

Derangements of the stomach and liver produce symptoms of heart trouble.

Catastroph of the stomach is a very frequent cause of sympathetic heart disease.

Palpitation, shortness of breath and bloating after meals are the most prominent symptoms.

The following wholesale druggists will supply the retail trade: BENSON SMITH & CO, Honolulu Hawaii.

Such a condition of the stomach is also liable to produce headaches of the worst sort.

Medicines that palliate the symptoms will never lead to a cure.

It is the effect which Peruna has upon the stomach, healing the mucous membranes and restoring the natural function of the stomach, that causes Peruna to bring such prompt relief.

ROOSEVELT INFORMED

(Continued from Page One.)

owned by W. T. Rawlins which would be required to square the area.

Although Mr. Irwin offered the Territory in Robinson improvement scheme a strip of 3000 square feet, that plan could not be carried out without cutting off a big section of the Opera House. As the Opera House property is not controlled by Mr. Irwin, he owning but a one-fourth interest to the three-fourths of John D. Spreckels, there is a probability that if the Irwin site be adopted the property would be held for the enhanced value that the juxtaposition of the Federal building would give it. The property of Mr. Irwin himself adjoining the site would likely also be held for a higher figure providing it be not secured in advance under the reported option of \$2 a square foot.

On the face of the pending deal the fact stands out in bold relief that the land around the Mahuka site is assessed for taxes about twice the \$1.40 a square foot on the Irwin site.

For the Mahuka site the government paid \$194,125, and it is proposed to barter it for property that, at the figure of \$1.25 a square foot, is worth only \$60,000, and President Roosevelt's attention is directed to the discrepancy of about \$45,000 against the government here shown.

A fact related to the whole matter is that the purchase of the Mahuka site leaves a balance of but \$45,875 in the appropriation of \$150,000 for the site. So that the obtaining of a site in that quarter, such as would comply with the idea of grouping Federal and Territorial buildings, is impossible without a supplementary appropriation. This possibly would mean a hanging up of the whole proposition indefinitely.

KAPAA LAND PROBLEM

A complete deadlock exists between the Territory and Col. Spalding of the Makee Sugar Company in regard to the lease or exchange of the Kapaa lands. The only other company to whom these lands would be of use is the Lihue plantation, who will not step in, as it does not care to risk a similar action on the part of Col.
